Steve/Pankaj: I think you're working on some of these sites (see Marie Rongone's email below). If you are, please let Anabel know the site names so she can help you add them to your PPL+ (if you haven't already done so). If you know of any other Superfund employees working on these sites, ask them to contact Anabel so she can help them add the accounts in their PPL+ too.

Thanks,

**Linda Ma**

Please see **SSIDs** below + account codes for ORC to add into their favorites.

For Superfund, please let me know who will be charging from this sites and I will add codes into their favorites.

Thanks.

For general structure guidance work I use a structure-wide billing code:

NAVAJO RADIOACTIVE STRUCTURES - LEGAL REVIEW &  
ANALYSIS - SITEWIDE - 2015 T 09D 501EC7 09RBPS00

For larger structure removals, like Churchrock and Haystack, I bill  
to this specific site, here is what I have for Haystack:

2015 T 09D 501EC7 09WWPS00

2015 T 09D  
501EC7  
09RBPS00

Sara, what billing code are you using for current structures work, and do you know of any other than the above-referenced? Ideally, I'd like to collect all the billing codes for structures work.

I can't speak for all the Structures work over the years, but the Haystack CSP removal project is 09WW
